DOUGLAS
CHOICES TO REUSE

DOUGLAS CHOOSES TO REUSE

Port Douglas is leading a movement - free reusable coffee cups, in every café, for everyone!

But it's about more than coffee.

It's about protecting the reefs, the rainforests, and the places we love.

We're a region built on natural beauty and community spirit.

Next time you grab a coffee, use one of our **free blue cups** so you can **sip while you stroll** without producing waste.

Once finished, simply pop the cup in any of our **'drop-pods'** located through town.

It really is this simple!

Do your part. Use the blue cup.

Plastic Free Places

DID YOU KNOW?

 **1.84 billion** single-use coffee cups are used each year in Australia, and most are landfilled or littered.

 Single-use coffee cups are used for **13 minutes** on average, then discarded.

 Making 500 single-use cups uses **1,400 litres of water** yet washing a reusable cup 500 times requires only 201 litres.

Do your part. Use the blue cup.
